## SUMMARY

Hello! I am Deepika Gupta, an enthusiastic student at the University Of Engineering and Management, Jaipur with a passion for Science and Technology. My journey in the realm of innovation began during my secondary and higher secondary education under the CBSE, where I laid the ground work for my future aspirations.I like coding very much, I am currently working on web development and I also want to learn data structure algorithm and do high competitive coding. I am eager to do this further in my journey And I would like to work on a new project. It seems that I have done every work in a good way. I am constantly expanding my skills and staying up-to-date with the latest advancements in the field of my career.

---

## WORK EXPERIENCE

### FRONTEND DEVELOPER INTERN, CODEALPHA

June 2024 - Present

- I Worked on creating a portfolio website , calculator, and a landing page using Html,Css, Javascript. These tasks helped me improve my frontend development skills and gain practical experience in building functional and visually appealing web applications
